It I with deep sadness that I learn of Kevork's passing . I met Kevork at the airport when I was working at CPAIR in the 80's. I remember him as a kind man always polite and ready to help out the younger agents . Being from Egypt we had many good laughs while working .

I am sorry that life has kept us all appart for so long .

To Linda and family , may his spirit always be among you and his memory cherished .

My deepest and most heartfelt condolences go out to Kevork's family during this incredibly difficult time. I had the privilege of working alongside Kevork for many years, and I will always remember him with great fondness. He was truly a class act—consistently generous, kind-hearted, and ever willing to lend a helping hand. May his spirit be surrounded by love and light as he embarks on his next journey. Godspeed, Kevork.
