**Alison & Scott**

July 10, 2026

I will always remember Serena as someone who made others feel safe. She was loyal, protective of her family, and had an uncanny ability to know who people really were. Mrs. Lee, Genie, Nicolas, Ryan, Chloe and to all those that loved her, may her memory be a blessing.

May the bright light that is Serena forever shine in all who knew and loved her. Brilliant, beautiful, patient and kind, Serena was always there to listen without judgment and offer kindness and encouragement. May we all honour her by showing more kindness and compassion to those around us just as she did. Serena you will be deeply missed and always remembered. Love and strength to the entire Lee family, we are with you.

Ryan, Genie, Mrs.Lee and family

I was so sorry to hear that Serena had passed away. All my memories of her are good ones, her kindness, generosity and love she showed me is something I will never forget.

I first met her in CEGEP and spent a lot of time hanging out with her, going to movies, dancing in clubs and watching soap operas.

I remember driving through a terrible snow storm with her when she was a new driver and she kept calm even though the visibility was terrible. I also was amazed that she could write an essay for CEGEP or university at the last minute and get these crazy high grades, in my eyes she was one of the smartest people I have known. She was there for me when my sister died suddenly and was a calming presence during that terrible time. I don't get back much to Canada but the times I did see her when I was there, it was always an easy friendship that stayed the same. Pick up where we left off. I will miss her always and know that she's always been in my heart. Rest in peace beautiful friend. Xoxo
